

# IRAN: STOP THE EXECUTION OF AHMADREZA DJALALI!

Dear Mr Gholamhossein Mohseni Ejei,

Swedish-Iranian academic **Ahmadreza Djalali**, is at grave risk of execution. He has heart arrhythmia, anaemia and high blood pressure, for which he has been denied timely and adequate access to health care.

I ask you to immediately stop any plans to execute Ahmadreza Djalali, quash his conviction and death sentence and immediately release him as his detention is rendered arbitrary due to the severe nonobservance of his fair trial rights. Pending his release, Ahmadreza Djalali must be provided with adequate medical care and protected from further torture and other ill-treatment. Prompt, independent, effective and impartial investigations into those suspected of ordering, committing, aiding or abetting unlawful acts against him must be conducted and those suspected of such offences brought to justice in fair trials. I also call on you to establish an official moratorium on executions with a view to abolishing the death penalty.

Yours sincerely,
